

The ETF Advisor k'(\$% Plan

DOES YOUR CURRENT PLAN PROVIDE . . .

Mitigation of employer fiduciary liability under ERISA?

Investment options with no commissions or vendor bias?

Replacement of poorly performing investment options?

"Reasonable fees" as defined by the Department of Labor?

Availability of professionally managed portfolios?

Ability to work with a financial advisor to provide your employees personalized service to address their needs?

ETF Advisor k' PROVIDES ALL THESE CAPABILITIES

"A concerted effort in Washington to get more employers to offer retirement plans has raised the profile of multiple employer plans, a largely untapped market for institutional money managers and other service providers."
